

3rd Party Testimonial from *Frank Scribe* of the Surrey & Hants newspaper.

Roll up your sleeves and join the Lions

■ **THOSE twin virtues of hard work and excellent organisational skills have paid off for Farnham Lions over the past year, with huge amounts of money being raised and then distributed to local charities.**

So, yes, another brilliant year for this cheery bunch of fundraisers.

I'm sure that those members who work non-stop in the engine room, driving the fund-raising efforts,

won't mind me pointing out that they are not getting any younger – none of us are, sadly – and if the success of past years is to be continued, then an injection of new blood will be required every so often.

It is hard work raising all that money, but Lions members have never been afraid of hard work. Farnham Lions, like their counterparts around the globe, have fun doing it.

If you feel you have something to give, then step up to the plate.

Become a Lion, roll up your sleeves and help make a difference. You will be most welcome.

Lions groups meet the needs of local communities the world over. The 1.35 million members – who perform community service in 208 countries – are different in many ways, but they share a core belief: community is what we make it.

Each year, our own Farnham Lions bring an undeniable truth to that mantra.

Worth more than anything we wrote!
